as such articles can be purchased in any of the Of all the thousands and millions whom this great Destroyer has gathered to the tomb, every single case began with a cold! If this had been attended to, all might have been well; but, being neglected, under the fatal delusion that it would "wear itself off," it transferred its deadly action to the substance of the Lungs, exciting there the formation of tubercles. Another, and another cold added fuel to the flame, until these tubercles began to soften and suppurate, leaving, by their ulceration, great LT Cherry, Black Walnut and Poplar Lumber cavities in the Lungs, At this crisis the discase is very difficult of cure, and oftentimes sets

at defiance all human means. In the latter, or worst stage, this medicine will oftentimes arrest the disease, or check its progress, and will always make the patient more comfortable, and prolong his life, and it is there-fore worthy of a trial—but in its incipient or forming periods, Consumption is as curable as any other disease, and Dr. Hall's Balsam for the Lungs, if taken at this time, will cure it as vurely as it is taken! We carnestly exhort all who have a cough, or are subject to colds, to keep the medicine by them, and whenever you take cold, eradicate it thoroughly, and at once, by this powerfully healing compound, and leav your Lungs, uninjured, to carry you in full vigor to a good old age.
